Great guys. They fitted the new garage door and new electric motor mechanism quickly and perfectly, and took away the old door and motor for us. They did a fantastic job, it looks great and works perfectly. Everything was left clean and tidy for us. I would recommend them to everyone. Thank you.

The door installation was an emergency request, as I had been let down by another trader, and was completed within 48 hours of quotation. The workmen were courteous, the work done in a timely and professional manner and the site left tidy.
