John, with his son Brad, carried out the retiling of St Thomas of Canterbury Church at Tanglely in Hampshire. As the building is Grade II* listed the job required a high level of skill and specialised knowledge. We are very pleased with the result. The standard of workmanship is clear to see, and the level of service we received was excellent from start to finish. The subcontractor employed to decorate the woodwork and raingoods was also first-class. We have no hesitation in recommending John to anyone requiring high quality roofing services.

Absolutely brilliant service from John, we had a complicated project and he solved it with ease. The quality of the work we cannot fault. The hatch opening on to the flat roof was a brilliant idea and has given us we can an extra outdoor space to watch the sun set and view the stars. Happy for anyone to come and view or contact us for a personal review.

25-Apr-2022	First class service all round. From quoting through to finished roofing. John recommended best option for flat roof replacement, we're absolutely delighted with end result. He and his team very clean and tidy, and care and attention to detail amazing. Polite, professional, would highly recommend to anyone.
21-May-2021	Excellent job, prompt, clean, offered good advice on a small amount of additional work, very pleased with the completed job.
12-Oct-2020	John Assester took time to recommend the most appropriate solution to our lack of light. His attitude and helpfulness from quotation to completion of the work was exemplary. Covid and previously booked work meant that we had to wait for our job to be done, but it was definitely worthwhile. We also found it reassuring that John completes each job before moving onto the next, so that when he started our lantern roof, the job progressed smoothly to completion. The invoice was exactly as per quotation except for some extra work which had been agreed. A really good job.
07-Sep-2020	Very professional work, on time and on budget. They responded very quickly to our request, not because they had no other work, but because they felt we had an urgent problem. In fact, they are extremely busy and appeared to be only working for their existing customers.
