Mike and Alex have done an amazing job transforming our very tired 1969 hallway, stairs and landing into something very special. Mike project managed the entire job to refurbish stairs, ceilings, walls, replace internal doors, frames, thresholds skirting and floor in oak. Mike's expert advice on finishes and materials was absolutely invaluable. He liaised and organised all other sub-contractors to ensure proper co-ordination. Mike also kept us fully informed all along the way. The standard and quality of work is faultless and Mike and Alex have been a real pleasure to have in the house. A beautiful job with great service and can't wait to have Mike and Alex back for the next project.

Mike and Alex fitted 13 internal doors for us. Mike was always punctual and give us good advice, and he and Alex were friendly and polite at all times. The job was completed a day ahead of schedule and I cannot praise the workmanship and attention to detail highly enough. Very very pleased and would not hesitate to recommend and use them again.

Having been let down by a supplier they had to make the skirting themselves to match the existing in 1930's style. And they made a flawless match! Very pleased and will definitely be asking them back to do more work for us.

Michael project managed bathroom installation. Old bathroom was gutted and new walls and flooring installed - having rectified creaky floor boards. Ordered bathroom suite and delivery. Subcontracted plastering, tiling, plumbing and fitting bathroom, flooring. Kept informed of who and when. Always tidied at end of day. Courteous and friendly.

Highly recommended. Mike, Alex and the whole team were excellent throughout. Punctual, extremely tidy, and paying very close attention to detail. We are very happy with the finished job. Mike was very understanding of our circumstances, fitting us in at short notice. We were also very reassured that everyone was mindful of our house cats. Tremendous work!

Mike and his son Alex did a brilliant job with our carpentry work. They managed to create a cupboard from scratch for under my stairs, painting and finishing it themselves and even thinking to leave a gap at the top for ventilation of the washing machine. They also advised on beautiful Crown fitted wardrobes, helped me choose the best options for our budget and fitted them perfectly within the space. They were so helpful, nothing was too much trouble even when we requested extra shelves, and I can't recommend them highly enough.

Mike and his son Alex were a pleasure to have working in our house. They did an excellent job removing our existing chipboard flooring in the master bedroom and replacing it with new softwood floor boards as well as installing acoustic insulation between the joists. They work really well together and the end result is fantastic! Highly recommended.

I have used Mike and his son Alex for a previous job and did not hesitate to request a quote and advice on the installation of a kitchen island. The job incurred some unforeseen hurdles in the process and Mike was not only fastidious in overcoming the difficulties, but went out of his way to ensure my requirements were met with the least amount of fuss and inconvenience. We are thrilled with the result and without question would not hesitate in recommending this trader who provided exceptional customer service and a first class job.

We now have the most amazing new kitchen thanks to Michael (who also project managed the other tradesman for us) and his son Alex!! I cannot recommend their services highly enough. They did such a fantastic job that we asked them back to design and install our new bathroom and to replace our internal doors throughout the property and replace flooring and skirting boards. We pretty much have a new home thanks to Michael Hall Carpentry Services! Such a great team and great work. If any of our friends or family talk about having work done within their home I always recommend them.

Michael and his son Alex replaced all of our internal doors, put down new laminate flooring and replaced skirting boards for us. They were professional and thorough and efficient, working to the highest of standards. I would highly recommend them!

I would (and have!) highly recommend Michael Hall

	<p>Carpentry Services to anyone thinking of having a new bathroom or kitchen designed and installed, or indeed any carpentry work around their home. Michael and his son Alex work to the highest standards and have made what I thought would be a dreaded and stressful experience of home renovations into one that was painless, with a fantastic end result! Mike also project managed and co-ordinated the other tradesmen coming into our home during the works, as my housemate and I both work long hours this was a relief to have that co-ordinated by someone else. Absolutely brilliant and professional service and work from start to finish!</p>
21-Oct-2016	<p>Friendly, attentative and hard working. Knowledgeable and helpful. Definitely someone I would trust with my house key.</p>
14-Jun-2016	<p>Excellent craftsmanship. Courteous, tidy and did a fantastic job.</p>
17-May-2016	<p>Mr Hall visited to look at flooring for a new kitchen extension. After the initial visit he failed to contact me as promised to send me information. I tried to contact him a number of times - on landline and mobile numbers - and left messages on his voicemail. He never returned my calls. He is a time waster.</p>
08-Jan-2015	<p>A superbly finished job, providing excellent value for money by a courteous, highly professional family firm. Outstanding in every respect.</p>
