Phones landline day one, no connection I.e line not available. So tried mobile and got to speak with plumber Nick who requested we email our request to have a standard Megaflo Cylinder serviced and confirmed it would be two weeks before he could do the work. Sent email request same day together with our contact details. Having not had any response for five days sent another email requesting Nick to confirm if he was going to support our enquiry. Having still not received any return communications after a week we are leaving this negative feedback.

Nick was very helpful. He responded quickly to emails answering all my questions. Came to do quote within a few days, Whilst working in my home, he was always on time. He took out and replaced a new tank and new boiler, power flushed the system, and put on thermostatic valves to all radiators. His work was very tidy. Never leaving any mess, covering carpets ect. He worked hard on his own, and start to finish was 3 days. I would highly recommend Nick who is very knowledgable and is a registered Worcester Boiler installer. I am very pleased with my new system. Thank you Nick.

Nick and Adam fitted a new boiler at very short notice as my existing boiler was condemned on 3rd December 2019. I was extremely lucky to learn that they had just one day free during their busy December schedule. They arrived as agreed on 12 December and were very professional in all the work they carried out. They were extremely pleasant and didn't mind how many questions I asked. The majority of the work was completed on the 12th just before dusk. Adam finished

17-Mar-2018	<p>the re pointing work outside the following day.</p> <p>Nick and Adam replaced our existing vented hot water cylinder with a new slim-line sealed unit with some very neat plumbing in the narrow airing cupboard. They removed the two horrible and very noisy water tanks in the loft and also replaced two radiators that were rusting and not up to the job. All the radiators got a powerflush removing a *lot* of sludge. The old shower pump was removed and now we have mains pressure hot water throughout the house and powerfully hot showers. The job took two and a half days (mains water was returned quickly on day-1, hot water returned on day-2, and heating back on day-3). We will continue to use NJP to service our boiler (which they installed before we moved in) and any other plumbing and heating needs.</p>
24-Feb-2017	<p>Hired Nick and his team to fit new combi in the loft and fit new radiators. Really happy with quality of work and service. Would happily recommend.</p>
30-Jan-2017	<p>Excellent Service and price. All when very smoothly.</p>

23-Jun-2016	<p>Nick did an excellent job installing the new boiler, the installation was to a very high standard, I have no hesitation in recommending.</p>
12-Oct-2015	<p>Very quick and thorough service, kept my house clean and explained everything clearly.</p>
21-Sep-2015	<p>Reliable, professional and competent service. Very helpful service and it actually came out at less than the quoted price!</p>
08-May-2015	<p>Nick delivered an excellent solution. New Boiler fully relocated to the loft and a new Evo home control system. Installation was tidy, pain free and on schedule. Very pleased with both the solution and the service.</p>
05-May-2015	<p>We've used Nick's Plumbing and Central Heating Services for at least 5 years now and have always been satisfied with the work. Over this time Nick has provided various services from replacing an aged and leaking hot-water cylinder and leaky pipes, to fitting new radiators, upgrading radiator valves throughout the house and general boiler servicing. Most recently we needed a stop-cock moving! All jobs done at a reasonable price, at the time stated. No fuss, no bother and always friendly. Always happy to recommend NJP!</p>
13-Apr-2015	<p>Very pleased, very happy. Polite, good quality workmanship and very approachable. Would use again.</p>
10-Apr-2015	<p>Quick, efficient and high quality service. I have used NJP a few times and I have never been let down. They always discuss the action and keep the disruption to a minimum. Very happy - Many thanks</p>
28-Feb-2015	<p>My home is a new build with a two year guarantee. I had a problem with my central heating system for 18 months but the company assigned under the guarantee were unable to fix my problem. NJPHeating</p>

	came to my home, spent under an hour and identified the fault. They have since been back to fix. Very professional, friendly and took time to explain exactly what they were doing. Would thoroughly recommend this company.
16-Feb-2015	Exemplary. Diagnosed problem and installed replacement boiler at very short notice having been let down by usual provider. Very Good Work
09-Jan-2015	The new boiler and cylinder were fitted expertly. We are very happy with the service plus the price was good value. I give 10/10 for service.

07-Jan-2015	Very efficient, thorough and professional. Will recommend and use again.
07-Jan-2015	Very good service, minor problems with boiler but came straight back out and resolved immediately, really good service.
06-Jan-2015	NJP put us a complete heating service in. They were clean and tidy, made no mess, trustworthy and polite and don't rip people off. Would recommend them to anyone. Top marks for their work.
05-Jan-2015	At first I was amazed at Nick's honesty and integrity: expensive and unnecessary re-routing of gas supply from meter to appliance, when it later became apparent that my gas boiler was defunct his work ethic was relentless till work was complete. So hard working, honest, great attention to detail, patient, thorough and knowledgeable also easy to talk to.
05-Jan-2015	Very good.
30-Dec-2014	From start to finish it was excellent. The installation was first class and the tradesmen were very clean, neat and tidy workers with a very pleasant attitude.
29-Dec-2014	Very efficient service, tidy and polite, would recommend.
23-Oct-2014	Very prompt inspection of the problem. Quick estimate. Very quick coming to replace boiler.
23-Oct-2014	Helpful throughout and very cooperative in resolving some specific installation details to my satisfaction. Generally high standard of workmanship.
23-Oct-2014	Friendly and efficient
