09-Nov-2014	Stephen cleaned the carpets in 3 rooms of the house, including stairs and landing. He did an excellent job and was polite, professional and respectful of my home. He had separate indoor shoes and took care to protect my hard floors and paintwork from the pipes

leading to the cleaning machine on the van. He explained what he was doing and was honest about some staining round a rug which he warned me might not come out completely. He even took the time to advice me about cleaning my sofa when I asked him if it would be possible at some time in the future. Excellent value for money - will certainly use this company again and have already recommended them to a friend.
