Had our summerhouse built. Brilliant workmanship always kept informed and updated with options and extras which is reassuring especially when you think what you want and other ideas are put to the table to make the project so much better.

Double floor extension, landscaping and porch style extension and reconfiguring inside house.

18-Dec-2017

Single storey extension to rear. Really good quality work. Would recommend.

Mark Duncan of Silverwoods provided a very fair estimate for costs - completed on budget including our requested variants during the build. Standards very good, always came when promised and excellent communication and reliable team.

The work to demolish an existing garage and construct a two storey extension was undertaken in a most professional manner from start to finish. All trades were conscientious who took pride in their work and this is reflected in the completed project.
