15-Sep-2017

The work was to build & finish a garden workshop & shed combined. The team worked efficiently & in an organised format. All were polite & considerate. Their work ethic was good & their time was utilized in the most positive way to complete the job. Very pleased all round. The only issue was that I would have ideally liked the paint work to be neater with no marks on the windows & the spray did extend to house windows & bins.
