Steve came highly recommended by my daughter in law after I moved to this area from Sussex. I cannot praise enough his work ethic. Reliable, professional and caring always about finishing the job in the best possible way and always leaving the house cleaned and tidy for me to carry on living in it while works were carried out. He is very friendly and pleasant but never intruding. Polite and well mannered I can only say do no doubt if uncertain. He will be your best choice. I am very please after he finished my two bathrooms.

Steve is a very professional tiler who will not be happy unless he can provide the best of service and because of this he is prepared to spend time discussing options and explaining all the process of the job to be carried out giving the advice necessary and free from selfish interest regarding money. He is extremely polite and pleasant to have around and never imposing or intruding. Very reliable and serious. called him again recently to work for my mother in law who will put her own review very soon.

Steve tiled our bathroom and cloakroom in November/December 2017 and we were so pleased with the results that we asked him back to tile our hallway in January 2019. He's friendly, gets on with it and does a fantastic job. We'd definitely recommend him to others.

20-Nov-2016	In our fully tiled shower enclosure there was a shower seat fixed to the wall through the tiles. No longer needed, the seat was removed, this left the fixing holes in the tiles. Steve was called in to remove the two tiles and replace with new tiles (already had spares from the original installation). On completion its impossible to see which tiles had been replaced. Steve has carried out work for us in the past, always with courtesy and to a high standard, always protecting surrounding surfaces and always cleaning up after the job is done.
