Having previously used TaskForce for several smaller plumbing jobs at our property, and nursing an increasingly-unreliable 18 year old Domestic Gas Boiler, we recently accepted a realistic quote from them to replace with a new energy-saving Vaillant ecoTEC Plus Model. We couldn't be more pleased with the highly efficient manner in which our work was completed within the agreed timescale (single day) by Dylan, and the associated custom pipework (as well as the actual Boiler) is much superior to what was previously in place. True Craftsmanship. We would therefore have absolutely NO hesitation in recommending TaskForce's services around any domestic plumbing and heating requirements.

Extremely thorough to the extent of tracking down an otherwise unavailable part 'just in case' even though they managed repair our faulty shower without the need to fit new parts thanks to their expertise. Highly recommend them.

Cannot fault excellent help and service from Taskforce

I am always so impressed with how reliable, efficient and fun, but courteous, ALL the staff at Taskforce are! Any work is always done so well and they are always turn up at the arranged time. Dylan and his trainee were so great with my elderly parents the other day. I would not hesitate to recommend this company.

Excellent service. The work went ahead exactly as planned, in a speedy fashion - a very hardworking and pleasant team to have around. They have done several small jobs for us before and I wouldn't consider using anyone else to help me out in a time of "plumbing need"! They deserve gold stars for every aspect of their business.

The Taskforce team are excellent, I've used them several times. A great personal service from the office team lead by Carla. And Dylan who came to the job was brilliant. He was a delight to chat to, really

	knowledgeable and helpful and his work has made a huge difference to the house, its finally warm again! I would recommend them.
13-May-2020	On the monday evening the central heating and hot water boiler stopped working. On tuesday morning just after 0800 I phoned the office and one of their experts arrived less than an hour later. By shortly after lunch the replacement part was installed and the system working. I have used them before and the service really is first class. I cannot commend them highly enough, they really are excellent.
28-Nov-2019	Fantastic service from Taskforce. Helpful, thorough, knowledgeable with a quick service and excellent customer service. I would highly recommend them for any of our heating/plumbing needs.

Easy to book appointment (& given an appointment time, not a whole morning). Even rang as he was running 10 minutes late. Pleasant and presentable engineer. Explained exactly what he was going to do and got on with the job. Also very tidy, cleaned up after himself. Impressed.
