Quick, efficient, friendly and polite service. Stuck French door fixed in under an hour from the initial phone call. The price turned out to be much lower than the initial tentative quote once it was established that the mechanism didn't need replacing after all. Very impressed, will use again.

David responded to my call promptly and fixed two problems that I had with my garage door, and a window lock. Even though one needed complete replacement, he had the tools to hand and the job was completed on the spot. David is very polite, pleasant, and competitively priced. I recommend David for any locksmith work!

Excellent Service from David. As I couldn't lock my external door he came within a couple of hours of my call to assess the problem and give me a price before commencing work. That having been quickly repaired I asked him to look at an upstairs window that we hadn't been able to open for some time. This was also quickly repaired and I was delighted that David had also changed the handle on the second window to match the new handle on the repaired window at no added cost. Although this is the first review on By with Confidence I found David has a 9.94 score from 459 reviews on Check a Trade
