Nigel did a great job. Nothing was too much trouble. He even helped with a couple of repairs to ensure the driveway looked its best. He kept us updated with deliveries and made sure we were happy with all aspects of the job throughout. Our drive has been admired and commented upon. We are extremely pleased with the level of work carried out and the end result.

We are very pleased with the results of Nigel's patio cleaning. Our patio and side path were extremely dirty and the jet-wash has really brought out the honey tones of the paving, which Nigel originally laid several years ago. Another good job, Nigel. Thank you.

Excellent, Nigel cannot be bested

Our driveway was completed to a very high standard, Input into the design, thorough preparation of the site and attention to details lead to a job well done.

We are super happy with our lovely new driveway. Nigel was, as always, very thorough and professional and the work was completed to a very high standard. We chose Arden Building Services as Nigel uses a mechanical digger to prepare the driveway prior to the bricks being laid. This has given a much more professional result than those drives produced using non-mechanical means. We would highly recommend Nigel and Arden Building Services.

Nigel thoroughly and professionally cleaned our large back patio. The sandstone was restored to its natural honey tones and now looks really good. We would definitely use his services again and recommend him

08-Oct-2021	to others. Nigel's quality of work could not be faulted. His attention to detail and understanding of our requirements was second to none. 27-Nov-2020	Mr Arden does an extremely professional job. His attention to detail is second to none. He laid a patio for us over 10 years ago which is still perfect. We called him back to relay some patio following kitchen extension building works. The job he has done has ensured the relaid areas of patio blend in perfectly with the original job from 10 years ago. Brilliant.

27-Aug-2019	This is the third project Nigel has successfully completed for us in the past 16 years. This time he replaced our old patio with paving, created two new paved areas in matched paving (one for a summer house and a round base for a swing bench) and re-turfed a large area. Nigel is professional, meticulous and always ready to provide advice on how to achieve the best / most cost effective result. We extended the scope of the project after work commenced and Nigel adjusted his work plan to meet our needs. Great job, thanks Nigel.
