Gary visited the house a couple of times beforehand to discuss what we required and recommend various options. He provided numerous quotes and advice as we explored the different options before deciding on what we needed. Gary was very punctual and left the house in a clean and tidy condition at the end of every working day. We are very impressed with the quality of the work Gary did for us - a complete oak staircase replacement and fitting of internal oak doors throughout. We found him both friendly and trustworthy - we left a house key with him so that he could come and go without relying on us being around. We would definitely recommend him.

This is the second time Gary has done some work for us and once again we are not disappointed. His workmanship is exceptional and he has a real attention to detail that is rare to find. Our new stairs are amazing and we have received many comments about the quality and appearance, not to mention the twisted newel post - thanks for suggesting that Gary! Wouldn't hesitate to recommend. I am now thinking of another project for him in our home!

Gary made me two free standing cupboards and two fitted cupboards. They were beautifully made and have a lovely finish to them. Gary was polite and friendly. He turned up on time and never left any mess behind. I will definitely use Gary again for any other carpentry work I need in the future.

- 21-Dec-2016 A Superb job done by Heath Carpentry in replacing the internal doors to my property. I would highly recommend this company.
- 08-Nov-2016 Gary created a fantastic transformation of an old kitchen and dining room that looked rather tired and old fashioned and now looks bright, modern and spacious. Gary liaised with us at every step, gave a lot of thought to our disability requirements and left everything clear and tidy before he left every day. We now have a real Showroom Kitchen beautifully crafted and finished to a high standard. It really has the WOW factor and we are thrilled with the result.
- 04-Oct-2016 Gary's carpentry work was of a very high standard. He took great care to source and supply materials exactly to our requirements. His timekeeping and respect for our home was excellent. We are very pleased to recommend him to others who are looking for high quality work at a reasonable price.
- 03-Oct-2016 Gary has done a number of projects for us, helping us with significant improvements to our home in Milton Keynes. Each job he has done has been carried out on time, on budget and to a very high standard. Gary is easy to deal with by phone, text or email and always responds to any queries quickly - which is not always the case with this type of business. He has become our 'go to' carpenter in Milton Keynes and we already have future projects lined up for him. Strongly recommended.
- 12-Feb-2016 Gary has always been helpful, even came round very early one morning as I had a bit of a dilemma with skirting. Gary has done various carpentry bits for me and is always polite and his work has been of a high standard. Would always recommend him and have more work for Gary later in the year (Alex, MK)
- 04-Feb-2016 Your attention to detail during the quotation stage was exceptional and your suggestions were both warmly welcomed and spot on. Message to any future clients reading this letter ☐ listen to Gary, he know what he is talking about. A start date was agreed and you arrived at the time promised. The first thing you did was to lay protective coatings over all the carpets and dust sheets to protect anything that needed protection and this continued throughout the time you were with us. At the end of each day you tidied up and hoovered to ensure that our home was not left like a building site. I still have the memory of you hoovering the drive! What can we say about the finished product? The doors is fantastic! The attention to detail is su-perb. All the joints are exact and the lines are straight. I am a bit of a fussy old thing and I like things to be done to a high standard. You have excelled. Thank you for being such a brilliant, professional and caring person.
- 28-Jan-2016 Really nice man. Hard working and very tidy. Rescued our real wood floor after a builder laid it poorly. Reasonable prices. We have used this carpenter a few

15-Dec-2015	times now and would not hesitate to use him again. Thank you Gary. Gary is really helpful, professional and hard working. We appreciated the fact that he came to us at short notice, to sort out work done by another trader who has subsequently ceased trading to correct errors made by that trader. Thank you Gary. (CK, MK)
07-Apr-2015	The completed work exceeded my expectations. Gary's work was carried out with the minimum of mess and the replacement staircase is fantastic (Dawn, MK)
07-Apr-2015	We would recommend Heath Carpentry every time as if you are looking for a top class tradesman you cannot go wrong by using them. Having completed work for us a couple of years ago we had no hesitation in contacting them again when we required further work. The latest work was completed on time and to an excellent standard which we would be more than happy to show to anybody. In our opinion no carpentry job, large or small would be beyond their capability. David, MK
