Mark services my boiler annually - always a great job. In December 2021 he replaced the old boiler and carried out necessary work. He always keeps appointments and is prompt and professional.

Fitted bathroom, toilet, basin and shower. Excellent result. Prompt attendance. Polite. Stuck with the price quoted. No hidden extras. Highly recommended!

I highly recommend Marc, a Gas Safe certified plumber with exceptional customer service skills. This is the 4th time I've had a visit from Marc (for a variety of jobs), he has always been professional, courteous, and efficient. He arrives promptly, explains everything in detail, and goes the extra mile to help you. Each time I've needed Marc, he has been respectful of my property, working diligently and completing tasks in a timely manner, while maintaining a high level of quality. Once the work is completed, Marc ensures everything is cleaned up and in order, leaving the area as if he was never there. Marc is knowledgeable, professional, friendly, local, trustworthy, kind, efficient and I couldn't be happier with the service he has provided. Thank you so much Marc!

Marc at PlumbRite refitted our main bathroom and en-suite, to include removing existing bathrooms and installing new bath, showers and fittings, tiling, flooring and electrical work. He worked very hard, was very methodical and extremely tidy at all times. He helped with the design and always politely answered the numerous questions we had. We are extremely pleased with the results and wouldn't hesitate to recommend Marc/PlumbRite to anyone.

13-Sep-2017	<p>Marc fitted a complete bathroom from scratch, from our chosen components. His work was excellent and he went out of his way to accommodate us. Importantly for us he was a warm caring person with absolute integrity. There were a couple of follow up issues which he dealt with smoothly. These were manufacturing problems. He layed a beautiful porcelain tile floor which other plumbers had refused to do.</p>
09-Aug-2017	<p>Responded quickly to my initial enquiry. I was very happy with the price, service and standard of Marc's work when he installed our new kitchen sink and tap.</p>

Excellent service provided by PlumbRite who we contacted to correct substandard works carried out by previous plumber. The job and parts required were fully explained prior to the work being carried out. Work was completed to a very high standard, to the agreed timescale and very reasonable price. Very impressed and would highly recommend.

Marc refurbished our small bathroom a few years ago and I was pleasantly surprised not only by his high quality precision workmanship but also his amazing tidiness, care to our house and discretion. Furthermore, his timekeeping and punctuality as a businessman were excellent. Therefore this time, when we needed to refurbish our cloakroom completely from floor to ceiling, we didn't hesitate to contact him. Although once again it was a very small room, with many visible pipes (waste pipe, water pipes, main pipe etc) hanging on the wall, he hid them all by digging a channel in the wall, then tiled and fitted a modern slim WC and basin with furniture. The result of his work was absolutely marvellous! It's now stylish, sleek and has somehow created more space. As he also provides a first-class after care service, even minor things like a faulty waste popper, we always feel in safe hands.

22-Mar-2016	<p>Marc and his associate Steve carried out a major refurbishment of our kitchen including a new downstairs w.c.. The job entailed plumbing, heating, plastering, tiling and electrical work. We took the opportunity to put right a number of issues with the original kitchen that had bugged us for years. Marc and Steve displayed a customer focussed 'can do' attitude throughout. When Marc came back to fit the new hob after the new worktop was fitted John Lewis had sent the wrong item. He came back again once the item had been exchanged without complaint or further charge. They both left the site clean and tidy every day. We would recommend them to anyone.</p>

We wouldn't hesitate to recommend him highly to others.</p>
25-Jan-2016	<p>Plumbrite did work on several bathrooms for us. Some of the arrangements were made long distance and still the work was carried out exactly as we wanted it, to a very high standard and all on the dates specified. The pricing was very reasonable and communication on any queries, work progress and final results was excellent. We will certainly work with Marc again on future projects.</p>
14-Dec-2015	<p>Perfect installation of complete new heating system from the gas meter onward, and removing old. I could not have asked for a better experience or result, Marc listened and captured my requirements in fine detail and talked through a plan of action which was</p>

	<p>considerate of our needs to keep the house in a tide clean shape as he went, to keep the wife and children happy and safe. Having done some boiler research myself, I new Marc had recommended a very good quality boiler, and additional items like quality TRVs, Inhibitor, and the MagnaClean Pro2 to make sure my boiler runs like new for decades to come. The few days when other tradesmen were working in the house, Marc was very accommodating, and all went very smoothly. I now have have superb mains pressure hot water and a nice warm house, with the minimum of disruption, if only all jobs went this well Marc's office also captured all the Warranty details and applied on my behalf, the certificates taking less than a week to arrive Marc (PlumbRite) is certainly a credit to the trade, and I would recommend without hesitation....</p>
