Work to my chimney and ridge tiles. Good communication throughout. Work completed and everything tidied up afterwards. Mark even had a look at my brickwork to ensure no further work was needed. I am extremely pleased with the finished result. Thank you Marlite Roofing. I would recommend to anyone.

A friendly and helpful firm, who thoroughly explained what work was required quoted a fair price, carried out the work as agreed and left everywhere very tidy. I would happily use them again.

Mark & his mate were very polite, friendly and professional. Quoted a very good price and fitted a dry ridge and dry verge to our property. Overcoming a few unforeseen issues explaining everything backed up with photos. They left the property spotless taking all of the debris with them. Would definitely recommend

Mark and his workmen, are very friendly, helpful and respectful. They responded to my call quickly and fixed a problem other companies could not do. Did the extra mile and cleaned up after themselves. Marlite is also a fair price.

21-Jul-2022	Arranged for a visit to quote to have the lead cheek reattached to my droma window. It had come off in stormy weather and been sat on the roof tiles for some time. The price was fair and they offered to do the job there and then, which I gladly accepted. Not only did they do this job, they secured two loose tiles and cleared debris from the gutter at no extra charge. Nice polite and friendly team, who I will be calling again when I need more help.
03-Mar-2022	First time I have used Marlite Roofing. I am very satisfied with the work carried out. polite, helpful and professional, always kept me in the 'loop'. Very competitively priced. Highly recommend.
27-Feb-2022	Very good value for money. I own a new build property. I have owned the property since November 2021 from New and recently lost a ridge tile. Marlite were able to inspect and repair the roof after the developer dismissed the problem as being related to storm damage. The inspection revealed improper installation of the ridge tiles amongst other defects that I would not otherwise had known about. Marlite provided me with copies of photographs of the roof prior to the repairs which will strengthen the case for compensation from the developer. I can highly recommend Marlite.
20-Oct-2021	Mark and his colleague attended to sort out a leaky kitchen extension roof. Everything was fully explained and received photos of his progress from start to finish. Even sorted out a couple of unexpected issues. Overall great work, would highly recommend.

30-Mar-2018	I was more than impressed by Mark's level of service and wouldn't hesitate to recommend him. Mark, after viewing the problems provided a reasonable quote and called to say he could come a few days earlier than planned which was great. During the work Mark found my downpipe needed fixing and did it, he also replaced slates at no extra cost. Throughout the work Mark provided me with pictures so I could see the problems, and the finished result which was really helpful as I had never seen what it looked like. Mark left my house clean and tidy and provided me with a detailed invoice, advising me to call with any concerns I might have. Mark is a friendly person, who answered all my questions with courtesy and ease. I have since asked for quotes on other jobs as I was so pleased with his work.
